

CENTRE FOR EXCELLENCE

ENGAGEMENT. INTEGRITY. MASTERY.

Students in our C4E program are provided with a range of opportunities that extend their learning beyond the normal classroom.

Register NOW

Entry into the program is selective. To register for the test, visit our website

<https://darwinhigh.nt.edu.au/curriculum/centre-for-excellence/>

There is a cost of \$20 to sit the test.
Registrations close 28 September
Test will be held on Saturday 20 October

Darwin High School invites you to register for the Centre for Excellence in Science and Mathematics.

The Centre offers extended learning for high ability students in Years 10, 11 and 12 in a range of advanced science and mathematics subjects.

Graduates of the program are well placed to pursue diverse career paths in a range of scientific and mathematical fields including engineering, environmental biology, biotechnology, geology and forensic science.

Students may choose to pursue either or both of the science and mathematics streams.

Centre for Excellence Courses

Year 10: C4E Science and C4E Mathematics

Year 11: C4E Chemistry, C4E Physics, and C4E Mathematical Methods

Year 12: Select from: Biology, Chemistry, Physics, Mathematical Methods and Specialist Mathematics
