

Choosing Subjects

In Year 10, you will study 6 subjects. Three of these are compulsory: English, Mathematics and Science. Make sure you choose the best level of English and Mathematics for you. Get help from your teachers if you are unsure.

You must also study History and the Personal Learning Plan (PLP). You will be placed in one of these classes for Semester 1. In Semester 2 you will do the alternative.

Compulsory Subjects

English

English As A Second Language

English Literacy

Mathematics Level 1
