Darwin High School invites you to register for the SOHP program.

SOHP students have an interest in English literature and study challenging texts.

To be in SOHP you need to be motivated, have a good work ethic and achieve at the B level or better in English.

There is an expectation that students in the SOHP English program maintain a high level of performance in order to remain in the program. This performance relates to both summative and formative assessment items as well as participation, work ethic and attendance.

Students' results are reviewed at the end of Semester 1 each year and potential SOHP students in mainstream classes have a chance to gain a place.
