# Christopher John Woodhouse Family Memorial Scholarship

Christopher John Woodhouse was born in Darwin on 14 July 1990. He attended Parap Primary School and then Darwin High School from 2001 – 2007.

He completed Year 12 with excellent results and was accepted into several southern universities to study engineering, however he decided to defer for one year and spent 2008 working in Darwin.

During that year he applied to enrol at Queensland University of Technology, Brisbane to study Mechanical Engineering. He then chose Cromwell College, in the grounds of the University of Queensland, as his first choice of a residential college.

To his joy he was accepted into Cromwell College and spent 2009 boarding there. He was extremely proud to be at Cromwell and loved college life. He had numerous friends, participated in sports, college functions and parties but still passed all his first year's exams, with credits.

He was so looking forward to returning in 2010. Devastatingly, our wonderful son, brother and grandson died tragically on the evening of Sunday 31 January 2010. He drowned while helping a friend who was in trouble in stormy waters off the cliffs at East Point. He was just 19 years old.

His family is donating a scholarship to Darwin High School, a school he loved during his time there as a student. The staff at Darwin High School could not have been more helpful to Christopher or his older sister, Camille who attended DHS before him.

They wish to give something back to Darwin High and Cromwell College to assist another student for Christopher's sake, so that in some way he will not be forgotten.
